

# Jump-Start Your Creativity with MN DI Booklet

Team Managers! Coordinators! Parents! Enhance your child's creative growth with the innovative activities in "101.3 Tips to Spark Your Child's Creativity." Contributed by dozens of experienced Minnesota DI participants, these quick and easy ideas are categorized for use in the home, outdoors, and travel. Ideal for use with pre-school and elementary-aged children, the tips are a handy reference for creative development as an accompaniment to the DI experience.

## Sneak Peek:

- Create a musical instrument using glasses, water, and a spoon. Fill the glasses with varying amounts of water to create a series of notes. Encourage your child to compose and perform a song for you.
- Plan a virtual vacation together. Don't travel in a traditional way—brainstorm an area and 'build' a dream environment at home with objects found around the house.
- Play "what if" together. What if... houses could fly, elephants had pig-tails, the driveway was paved in jelly, your grandmother became your sister, ice never melted?

"101.3 Tips to Spark your Child's Creativity," offered on the adjoining order form, makes a great gift for a new parent, busy parent, or yourself! All proceeds support MN DI.
